

Fortune / Big Daddy Blue Quotes

Tanner Wedding August 1, 2009

The music was everything we had hoped for and more! We wanted a fun party and lots of dancing and Big Daddy Blue delivered. They were fantastic. We had dancers from the age of 1 all the way to my mom who is 83. Everyone is still talking about how many people danced and how great the music was. Please thank Bob for us, he was a great emcee! And they all looked great!

Band - Big Daddy Blue - A+++++++ - I was a little nervous booking a band without hearing them first (we were planning from out of town), but Big Daddy Blue was great. They had everyone dancing until the last song - the dance floor was packed the entire night. Bob (the band leader) acted as the emcee and was great. Highly recommend.

Music (Reception): The band Fortune, booked through Class Acts. This is the greatest band I have ever seen at a wedding. They are so fabulous!! They wore tuxes and the female singer wore a very elegant black dress. They sang our first dance song better than Norah Jones herself. They had everyone on the dance floor almost all night (it would have been more if it weren't for the patio, lots of people were drawn outside). Highly recommend Fortune!! Also the booking agent Paul Hoy is very professional and accommodating. Great company.

For our wedding last July, we used the band, "Fortune" booked through Class Acts, as well. They were FABULOUS and we still have people comment on them a year later. I was a bit worried about a band at first, but they appealed to EVERYONE which was very important to us. Everyone was dancing the whole night and it was very tasteful...not tacky. I highly recommend them!

I just wanted to thank you and the band for the great performance you put on at my wedding reception! Everyone had a really great time and we heard from many people that they loved the band. My grandparents were touched by the song you played for them. Apparently it was one of my grandmother's favorites! Could you send me the name of the song and the artist so that I could find a recording for her?

Thanks again,
Leah (bride)

Hi Heather,

Big Daddy Blue was OUTSTANDING! We have had several opportunities as guests to be a part of their audience and have always been captivated by their performances. Based on our prior experiences, we knew they were the band we had to have to make our daughter's wedding reception complete. We, of course, were not disappointed. Numerous guests commented about how wonderful the band was and how much fun they had. I would highly recommend them to anyone interested in hiring a band as entertainment.

I appreciate your promptness and professionalism in coordinating the event. I couldn't have been

happier with the entire experience.

Thank you so much!

We had a great experience with Fortune. I was impressed not only by their music but also by how supportive they were in making our wedding reception everything we could have wanted. First of all, Fortune was open to learning our song and they played it well, I shouldn't have worried. They also worked with us to customize their repertoire to meet the mood we wanted to set. Once we got the party started Fortune continued to ensure that things were running smoothly and according to plan. Over the course of the evening we got to know better certain members of the band and they couldn't have been nicer. It may sound silly, but it was great that the band seemed to be enjoying themselves and happy to be there. Clearly these guys love what they do and it shows. I couldn't recommend them more.

Big Daddy Blue was unbelievable! I cannot tell you how many people came up to me the night of the wedding (both young and old) to ask about the band. The band knew how to set the mood for every part of the night! They knew when to pick it up and when to slow it down; it was seamless. We left for our honeymoon the next day and didn't talk to our friends about the night until we were back in town (2 weeks later). It was incredible how many people brought up how the music just made the night. As I look back on the night, everything at the reception seems like such a blur. It's difficult for me to remember specific songs that were played, however, I do remember that the dance floor was packed the ENTIRE night! From the first song to the last song people were on the dance floor and singing along. Thanks for an incredibly fun and entertaining night!

Hi Paul,

Thank you for helping to make our wedding such a beautiful day. "The Royal Fireworks" was perfect, and three months later our guests are still raving about Fortune. They made the night!

Dear Bob,

Jack and I wanted to thank you for playing at our daughter's wedding. We LOVED your music, and so did our guests!

Lisa called me and told me I paid you \$50 over your price, so I am sending you this to split between all of you. Since you played beautifully at the cocktail hour, you can keep the \$50 extra and split it with the other person who played.

Some guests asked for your band's name, and I am passing it out. Thank you so much for your expertise. We love Big Daddy Blue.

Lynn Matyas

PS – Hope your wife liked the flowers!

Fortune-

Thank you so much for the wonderful performance at my daughter's wedding last weekend at Worthington Hills Country Club. Everybody has such a great time because of the music! Thank you for letting some of the guests sing along and for getting everyone involved! We enjoyed ourselves so much we forgot to tip you and we apologize for that. Please distribute this check among members of the band.

Thanks again,

Dear Lisa:

We were very pleased with the performance of Fortune at Hilary and Ryan's wedding. Their music was lively, they interacted well with the guests and were immediately responsive to all of our requests. We especially appreciated their enthusiasm. The reception's pace was excellent with no dull or dead periods. That was largely due to Fortune.

We would have no hesitation in recommending Fortune to anyone planning a wedding reception.

Sincerely,

David and Lesley Hothersall

Hi Bob,

I wanted to thank you again for making Corinne's wedding such a great success. I had many comments on what a great band you are and how well you made the evening flow. I also wanted to personally thank you for making the sound system work for the ceremony and for being patient with our less than stellar electrical power. Through it all you were the picture of equanimity, and that relieved more stress than you can imagine.

So, thanks again for your help and your patience. I hope the enclosed will stand as a small measure of how enjoyable, from every aspect, it was to have you provide the music for our event.

Sincerely,

TN Tripp
