**A NON-STOP DANCE PARTY** *hip-hop, rap, r&b, top 40*

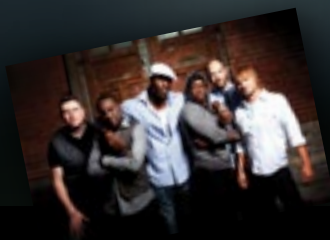

| Six Piece Band | Non-stop Music |

LDNL was created with the intention of covering material not attempted or successfully interpreted by any other live band. It was their aim to tackle heavily produced music that otherwise was meant for studio and airplay only. No tracks, CDs, or sequences are used in their live performances. All sounds and elements of the songs performed are created live.

“The band and music made the night for us! We couldn’t have asked for a better experience. LDNL had all of our guests on the dance floor for the entire night from young to old. Professional. Fun. Flexible. Interactive. Outstanding.”

“We had a wonderful wedding day! Everything went smoothly and was just perfect. We LOVED the band! They really did a great job and all of the guests kept telling us how much they liked them as well. Everyone was dancing and having a great time.”
